Newsletter

December 2005

Hi!!

Well everyone seemed to survive the “cold snap” at the weekend, the extra sleeping bags were useful, as were the “portable single beds”, all were useful, some just pushed the “portable” definition to its boundaries!

The “Training Camp” was it what you expected?

Our aim for the training camps is:

- Help the group and patrols when selected get to know each other and work as a Team
- Make sure that everyone understands Camp Hygiene; remember you will be at Blair Atholl for 12 days.
- Give each patrol the opportunity to learn and practice how to build your dining shelter, pitch your **three** patrol tents, one for you, one for the overseas patrol and your store tent.
- Learn about your Wet-Pit, your larder and other interesting Blair Atholl things
- Practice your culinary skills you will be cooking for 12 people

Guess who?

Captions welcome
